

SAFE HANDLING INSTRUCTIONS

- Your cooked/sliced Turkey/Ham/etc. may be left out for serving a total of 2 hours
- After serving, carve any remaining meat from the bones.
- Place small amounts (serving size) in covered containers and store in the coldest part of the refrigerator, allowing space around food for adequate air circulation.
- Cooked Turkey may be stored in the refrigerator for 3 to 4 days.
- Cooked Turkey will keep up to 4 months in the freezer when wrapped in heavy foil or placed in freezer bags

HEATING COOKED TURKEY BREAST

1. Preheat oven to 350°F
2. Place breast in a shallow pan with enough liquid to keep it from drying.
3. Cover in foil and heat approximately 15 minutes per pound, until the internal temperature reaches 160°F.

BAKING/HEATING SPIRAL HAMS

(Small, 7 to 10 lb.)

Preheat oven to 350°F

1. Place ham in large oven-proof pan
2. Heat for 30 minutes (Ham is precooked)
3. Heat glaze on stove top under low heat until it becomes liquid
4. Coat Ham with glaze and return to oven for 5 minutes

Garnish with pineapples & Cherries and serve

HEATING POTATO CUPS

Preheat oven to 325°F

1. Place Potato Cups on shallow baking pan
2. Heat for 20 to 25 minutes only. Do not overheat

MACARONI & CHEESE

1. Cover a microwaveable container and heat up to 5 min. for 1-2 lb. Up to 15 min for 5 lb.

These Instructions are meant as guidelines only. Temperature settings will vary in every oven. Over heating will affect quality

HEATING INSTRUCTIONS WHOLE TURKEYS AFTER REFRIGERATION

(May be heated with or without foil wrapping)

1. Preheat oven to 325°F
2. Place turkey on a rack and add water (or drippings) to the cavity and bottom of the pan.
10 lb. Turkey up to 45 minutes
15 lb. Turkey up to 1 hour
20 lb. Turkey up to 1 hour 15 minutes
25 lb. Turkey up to 1 hour 30 minutes

The USDA recommends the internal temperature be 165°F. The Turkey will be warm, a perfect slicing temperature and will not be dry.

BAKING/HEATING STUFFING

1. Preheat oven to 325°F
2. Place covered pan of stuffing in the oven for 30 to 40 min. for small pan - 1 hour for med size pan and 1 1/2 hours for large pan.
3. Remove the foil cover for last 10 minutes to brown top if desired. Internal temperature should be 165°F

HEATING MASHED POTATOES

We recommend heating in the microwave.

1. Transfer to microwaveable container
2. Start heating 1 minute per pound of potatoes
3. Stir often
4. Internal temperature should read 140°F in center (Over heating will cause milk to turn sour)

HEATING SWEET POTATOES

1. Preheat oven to 325°F
2. Place covered pan of potatoes in the oven for 15 min. for small pan, 20 to 25 min for med size pan and 30 to 45 min for large pan

GRAVY

1. Pour gravy into sauce pan
2. Heat over LOW heat stirring often
3. Gravy should reach 160°F

TURKEY

Fresh or Frozen All-Natural/ABF Turkeys \$ 4.79/lb
 Cooking charge for Rotisserie Cooking \$ 2.30/lb
Cooked Boneless Turkey Breast (Whole) \$16.49/lb
Smoked Boneless Turkey Breast (Whole) \$16.49/lb
 Whole Smoked Turkey (10 to 20 lbs) -- Call--

Whole Turkey Average serving portion: 1 pound per person (using the uncooked weight), should be sufficient. For those with dinner guests, always reaching for seconds, (or if you want to count on leftovers), opting for 1¼ -1½ pounds per person is a safer bet.

If you would like your turkey sliced, it will be cooked one day in advance and refrigerated over night, and sliced the morning of your scheduled pick-up.

Our sliced turkeys should be served cold.

Custom Slicing

\$ 22.00 per item

Platter Sliced—Sliced onto a platter and decorated to include cranberry relish as center decoration

Framed—Sliced, reassembled and decorated onto the carcass to resemble the whole turkey again.

Tray Sliced—Machine Sliced into a serving tray.

(This method will allow the turkey to be warmed)
